

25kW Generator Comparable to Foldable Container Used at Drilling Sites

Overview

We coupled 1MVA of predictable power, in standard 20-foot container; with ultra-low noise levels and ultra-high efficiency levels. Perfect for the most demanding conditions and usage requirements, the QAC and QEC are the generators for those who need something a little out of the. Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint — we can easily equip your gen set with greater levels of sound. Container diesel generators are powerful, industrial-grade energy solutions engineered to deliver dependable, large-scale electricity in demanding environments. Developed in-house based on our legacy of technological innovations.
