

Berlin electricity safety

Overview

Berlin has been hit by a major power outage, leaving thousands of homes and businesses without electricity. Thousands of households in Berlin might have to wait several days for power, amid freezing temperatures after an outage caused by possible arson. Mayor Kai Wegner called the attack "terrorism. " Electricity has been restored to thousands of households in the southwest of the German capital, Berlin. Following a large-scale arson-related power outage in Berlin affecting thousands, officials report on the first blackout-linked fatality and emphasize enhanced security and preparedness measures. Experts say the event highlights the vulnerable nature of Germany's infrastructure. Yesterday morning, unknown suspects set fire to two power poles in the Johannisthal district in the city's south-east.
