

Complaints about solar power plants

48V 100Ah

Overview

But with this expansion, has come an increasing number of disgruntled solar customers that are posting bad reviews about solar companies online, filing complaints with agencies such as the Better Business Bureau (BBB), state consumer protection departments and Attorney. But with this expansion, has come an increasing number of disgruntled solar customers that are posting bad reviews about solar companies online, filing complaints with agencies such as the Better Business Bureau (BBB), state consumer protection departments and Attorney. In recent years, solar energy has been promoted as a sustainable solution to reduce carbon footprints and lower energy costs. As more homeowners and businesses embrace renewable energy, and the solar industry has experienced exponential growth. But with this expansion, has come an increasing number. CfA's year-long investigation into the solar industry reveals Vivint and SolarCity are the Industry's Leading Bad Actors [Click here to download a PDF of the report.](#) At the same time, federal and state regulators have received an increase in consumer complaints about a small number of unscrupulous solar companies. Disputes with solar companies often arise from unmet expectations regarding utility bills or system performance.
