

Distributed photovoltaic panel unloading

Overview

Prior to unpacking, store pallets in a covered, dry and ventilated location. Do NOT support the pallet with. This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited. In the process of loading and unloading, the forklift. If your modules are damaged on arrival, notify the driver immediately, notify carrier and LONGi staff within 24 hours of delivery, and provide a record with detailed information within 48 hours of delivery. See claims and warranties for full details. To ensure the safety of unloading of PV modules, please read this manual carefully.

Distributed photovoltaic panel unloading

Unloading & Unpacking of Solar Modules

Please read the following safety instructions carefully before unloading and unpacking your solar modules. It is crucial to follow the outlined measures and guidelines for the safe unloading and unpacking of your solar ...

CN217388610U

The utility model relates to a solar photovoltaic board technical field especially relates to fast loading and unloading's distributed solar photovoltaic board.

UNLOAD/TRANSPORTATION/STORAGE OF SOLAR PANELS

Unpack the modules as per the recommended unpacking procedures. The whole process of unpacking, transport and storing should be handled with care. (3)Before installation, ensure that all modules ...

Unloading & Unpacking Manual-20230106

To ensure the safety of unloading of PV modules, please read this manual carefully. In the process of unloading, the forklift should be selected reasonably according to the size and weight of the goods.

Unloading Handling & Storage Manual

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.

230525 Handling Storage and Unpacking Instructions guide v3

When unloading, the whole modules should be balanced as far as possible, the forklift arm should be kept relatively horizontal, and the forklift truck should fork the modules out of the container slowly and smoothly.

Photovoltaic panel loading and unloading method diagram

Mechanical and electrical installation of photovoltaic modules should refer to the corresponding regulations, including electrical law, construction law and electrical connection requirements.

PV Module Unpacking, Handling and Storing Guide

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules.

Solar PV Module Handling, Storage, Installation

Unpacking of PV modules should always be done in the vertical manner by two persons as shown in the diagram. Also care should be taken for falling over one module to the other inside the packing box.

Packaging Datasheet1

To ensure the safety of loading, unloading, unpacking, and storage of PV modules, please read this manual

carefully. When you need to unpack and install the modules, you can search and download relevant content ...
