

Georgia installs energy storage system

Overview

ATLANTA, / PRNewswire / -- Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties. Georgia Power will soon flip a switch and turn on its latest clean energy construction project: battery storage. The project was selected through competitive processes resulting from the 2023 Integrated Resource Plan (IRP) Update and was.

Georgia installs energy storage system

Macon, Georgia is getting a Georgia Power battery ...
