

Labor costs for installation of bracket-type photovoltaic panels

Overview

Solar panel installation costs \$2. See complete cost breakdown by system size, equipment, labor & regional variations. NLR analyzes the total costs associated with installing photovoltaic (PV) systems for residential rooftop, commercial rooftop, and utility-scale ground-mount systems. This work has grown to include cost models for solar-plus-storage systems. NLR's PV cost benchmarking work uses a bottom-up. The cost of a residential solar installation is a blend of physical hardware, the labor to install it, and a variety of administrative expenses known as soft costs.
