

# Lossless installation of solar container outdoor power

## Overview

---

This is a detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system that powers a rehabbed shipping container. Well, not really cheated, but I just went with a retail solar generator system instead of DIYing that part myself from à la carte components. The whole system is plug-and-play, easy to be transported, installed and maintained. These turnkey solutions integrate solar panels, inverters, batteries, charge controllers, and monitoring systems into a single transportable unit that.
