

Ngerulmud solar module export tariff

Support Customized Product

Overview

The United States has reached a trade agreement with India that should reduce some of the tariffs placed on Indian imports. It was previously as high as 50%. Mumbai|New Delhi: The reduction in US tariffs on Indian goods is expected to expand the scope of solar equipment exports, improve the competitiveness of solar modules and cells, and bring greater visibility to capacity expansion planning, according to industry executives. With tariffs set to fall, India is a major supplier of solar panels to the US, with 97% of its module exports, totaling 10.4 GW, destined for the US in the first nine months of 2025. Image. Crystalline Silicon Photovoltaic (CSPV) Cells and Modules as specified in Presidential Proclamation 10339 of Febru. Aug: FRN 2024-18444 authorized expansion of the.
