

Off grid solar power inverter in Bahamas

Overview

From Nassau to the Family Islands, we supply premium solar panels, inverters, and batteries to installers across New Providence, Grand Bahama, Abaco, Eleuthera, and beyond. Explore our comprehensive range of high-quality solar equipment for your renewable energy needs. In a remote area of the Bahamas, a residential home transitioned from full-time diesel generator reliance to a sustainable, cost-effective off-grid solar solution. Using Sol-Ark® powerful hybrid inverters and HomeGrid battery energy storage, this project cut inflated energy costs and environmental. An off grid solar electric system is perfect for people whose home is far from the utility grid. It is also a perfect system for those who desire true energy independence and are willing to live in an energy efficient and mindful way. We offer customized solutions tailored to your specific needs. Hybrid On/Off-Grid with remote monitoring Model: N3H-X8. 0-US (UL1741SA) and (UL1741SB upon request) Power 8KW output 240V split phase. Max Solar 12KW with 4 MPPT tracker 120V to 500VDC.
