

Outdoor Power 4k Budget

Overview

Best Outdoor Projector for High Brightness (4K) Novem: With this update, we added the Anker Nebula X1 as Best 4K Outdoor Projector for High Brightness and the Aurzen Eazze D1G as Best Budget Outdoor Mini Projector (1080p). We also removed the. If you don't mind running an extension cord, the BenQ X500i is a short-throw projector with excellent image quality that can sit just a few feet from a screen or wall to create a huge, gorgeous image. Check out our full review of the BenQ X500i. With up to five hours of battery life and 1,000 ANSI lumens, it's even strong enough to work in dim daylight (though, like all projectors, it works better the darker it gets. Wi-Fi 6 enables smoother 4K playback, while two-way Bluetooth 5. Advanced time-of-flight sensors and gyros now lock focus in under two.
