

Solar power generation module project in Cote d Ivoire

Overview

Côte d'Ivoire has approved the construction of a solar power plant in Katiola, targeting an annual output of 85,934 megawatt-hours (MWh). Developed in partnership with Jinko Solar, Côte d'Ivoire Energies, and Eiffage RMT, the project marks a milestone in Abidjan, Côte d'Ivoire, August 7th, 2025 - IFC and the Government of Côte d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two grid-connected solar PV plants in Côte d'Ivoire. This strategic project is a cornerstone. The Boundiali solar power plant, which has now been officially inaugurated, contributes to the avoidance of 35,000 tonnes of CO2 emissions and thus to global climate protection. The decree, issued on May 21. Jinko Solar continues to expand its global footprint with a powerful new milestone in Africa's renewable energy landscape! We are proud to announce our role in powering Côte d'Ivoire's first large-scale solar power plant connected to the national grid, the Boundiali Solar Power Plant, a.
